THE SINGING TOWER

Once a little boy's grandmother said to him, "Make you the world a bit more beautiful and better because you have lived in it." This little boy's name was Edward Bok, and he lived in the Netherlands.

Years went by and he came to live in the United States. He grew to be a man and became very rich. Then he planned the work he had always wanted to do. This was to build a beautiful tower with singing bells like those of his native land. Florida was his choice as the best place to build the tower. The tower was erected in 1926 on the highest point in the state. The bells came from England, the iron work was done in Philadelphia, the marble came from Tate, Georgia and Florida furnished the coquina rock. In the tower are 71 bells, weighing 123,000 pounds. The forest around the tower became a beautiful garden with walks, flower beds and pools in it.

When the tower and gardens were finished this bird sanctuary made the world better because plant and animal life are protected and human beings find peace and quiet here. Mr. Bok called his garden "Mountain Lake Sanctuary." Although it is in our state, it does not belong wholly to us, for it is a gift to the American people.

The following inscription is on a marble slab placed in the sanctuary by Bok's neighbors:

The kiss of the sun for pardon
The song of the birds for mirth—
One is nearer God's heart in a garden
Than anywhere else on earth.

More than 300 varieties of plants, vines, shrubs and trees grow in this sanctuary, and more than 100 species of birds have been identified there.

SECOND PRIZE — $3.00

Dear Archie,

Recently while swimming with a friend, I chanced to have an exciting experience. We were swimming at a neighborhood pond and we noticed a girl of about nine taking a younger girl of about seven out to a deeper part of the pond. The nine-year-old dropped the younger girl. The two struggled for a few seconds to keep their heads above water.

Diane and I thought that they were kidding until the younger one grabbed my arm and yelled for help! I looked at her and her face seemed to be pale. Diane noticed this too, so we both grabbed her and carried her to shallow water. When she caught her breath she assured us that she was all right. We cautioned her to stay in shallow water and she promised that she would from then on.

An Amazing Invention —"Magic Art Reproducer"

DRAW ANY PERSON IN ONE MINUTE!

NO TALENT! NO LESSONS!

You Can Draw Your Family, Friends, Anything From REAL LIFE — Like An Artist . . . Even If You CAN'T DRAW A Straight Line!

Anyone Can Draw With This Amazing New Invention—Instantly!

ARTIST'S CONCEPTION

Complete for only $1.98 De Luxe Model — with extra high power, extra clear and sharp "reproducer" unit.

A New Hobby Gives You a Brand New Interest!

Yes, anyone from 5 to 80 can draw or sketch or paint anything now . . . the very first time you use the "Magic Art Reproducer" like a professional artist—no matter how "hopeless" you think you are! An unlimited variety and amount of drawings can be made. Art is admired and respected by everyone. Most hobbies are expensive, but drawing costs very little, just some inexpensive paper, pencils, crayons, or paint. No costly upkeep, nothing to wear out, no parts to replace. It automatically reproduces anything you want to draw on any sheet of paper. Then easily and quickly follow the lines of the "picture image" with your pencil . . . and you have an accurate original drawing that anyone would think an artist had done. No guesswork, no judging sizes and shapes! Reproduces black and white and actual colors for paintings. *Also makes drawing larger or smaller as you wish.* Anyone can use it on any desk, table, board, etc.—indoors or outdoors! Light and compact to be taken wherever you wish. No other lessons or practice or talent needed! You'll be proud to frame your original drawings for a more distinctive touch to your home. Give them to friends as gifts that are "different," appreciated.

Have fun! Be popular! Everyone will ask you to draw them. You'll be in demand! After a short time, you may find you can draw well without the "Magic Art Reproducer" because you have developed a "knack" and feeling artists have—which may lead to a good paying art career.
